

# CEMS Semester Book Spring 2019

To my CEMS students

Curiosity, passion, intelligence, ability to articulate, international ... and many more such words describe you all as CEMSies!

I have so enjoyed teaching you and interacting with you all during my classes.

A few simple things to remember in life. Do only what you are passionate about in life, be human and always assume 'positive intent' whilst learning to laugh at yourself ...sounds very simple... but if you put your heart, mind and soul in it, you will enjoy every moment of your life as Life is Short!

The CEMS education has given you an 'edge' – international visibility, practical courses, focus on leadership... use this advantage to be great Leaders in everything you do, and especially great Human Beings.

As the saying goes, "If your actions inspire others to dream more, learn more, do more and become more, you are a Leader." (John Quincy Adams).

All the best and we will surely meet again
