A WORD FROM SUNITA

CROSS-CULTURAL COMPETENCES AND MANAGEMENT

To my CEMS students...

Smart, bright, dynamic and fun... that's who you all are... & that's how you should stay!

As we talked about in our classes, find your own **life purpose**, assume '**positive intent**' when you interact with others in life and work, be **self-aware** of who you are as a person (keep the '**mirror**' in front of you at all times) and be **human** in everything you do.

If you do this, along with using the gift of '**common sense**', you will be successful in whatever you do... Sounds very simple... and if you put your mind and heart to it, it is indeed simple!

Treasure the **relationships** that you have built with your CEMS colleagues & build life-long friendships as you go through the journey of life.

You, as CEMS students, are privileged to have an education that is cross-cultural giving you international exposure, practical and linked to Corporate life and focussing on you as future leaders. CEMS gives you the ability to manage diversity, be change agile and reinvent yourselves as leaders, so go for it!

My experience with you as my students has been wonderful for me; it was a privilege teaching you all... curious, intelligent, passionate, fun, wanting to learn and contribute, not afraid to challenge... and so many more qualities!!

Keep up that spirit in whatever you do in life and remember to keep laughing and having fun . Life is too short so enjoy every moment!

I leave you with one thought - "Develop a passion for learning. If you do, you will never cease to grow." (Anthony J. D'Angelo).

All the best and we will meet again...

Sunita
